Teaching Experience

Teacher / Iran

I teach Android programming, C# programming, C++ Programming and…. in some institute and universities. I like to share my knowledge with others.

I love teaching and I teach about 12 years. I was a teacher in many institutes. it is obvious I teach computer science. different courses from ICDL (12 years ago) to professional Windows and Android programming. since 2014 I am a teacher at university. I taught in different universities with different courses like C++, C#, ASP.Net, Java, Android, SQL Server, Data Base Structure, OOP, Software Engineering and so on. I love teaching because "One child, one teacher, one book, one pen can change the world."

[SEP 2015 – MAY 2016]
Mohajer Technical University

Advanced programming, Web programming, Software Engineering

[JAN 2015 – MAY 2016]
Soroush Technical University

Advanced programming, Software Engineering

[SEP 2014 – MAY 2015]
Khaarazmi Technical University

Advanced programming, Web programming, Software Engineering, C# Programming, Graphic

[JUN 2016 – PRESENT]
Sobhan Institute

Android programming, C# Programming
